

The K6 Program

K6 sports offers various sports programs which give instruction in an academy like setting supplemented by relevant quality game experiences.

Unlike most recreation programs which are mostly operated by volunteer coaches and parents, K6 sports teams are coached by certified youth program professionals who teach and coach the game in carefully planned progressions. The fundamentals are taught by our coaches lead into offensive and defensive concepts.

Skill, Drill, and Compete comprise the formula for success in K6 Sports. Each child will learn many of the techniques needed to be successful in a sport without having to be on an elite travel team. In addition, our program is adjusted to the age and ability of the players to ensure that the highly skilled athlete will be challenged and the novice will have opportunity for success.

In addition to receiving unprecedented instructions in conditioning and skills, all K6 participants will experience an enhancement in their social, moral, and emotional development.
